Online Education

1. Does all programs/courses were completed on time.	Yes
--	-----

2. Measures taken to complete the syllabus of courses and programs.	<p>The pandemic era brought in by Covid 19 created an unprecedented situation of uncertainty in all the sectors of economy including the education sector and its academic stake holders. To deal with the situation, there was a need to think out of the box and work out a practically feasible solution according to the guidelines as laid down by the authorities.</p> <p>As was the need of the hour, GCU adopted the online classes to continue imparting education without interruption. It was not as easy task due to magnitude of size, scale, coverage and IT infrastructure needed. Moreover, for most of the people this was altogether a new way and required them to be tech savvy and knowledgeable of online methods of classroom conduct.</p> <p>However, GCU took this challenge and rose to the occasion. Webinars and Hands-on Workshops on 'How to conduct online classes' were arranged for all faculty and concerned departments. The Institution made all the necessary decisions and arrangements to ensure that IT infra was in place with digitization of course material and other relevant things. It made sure that all the precautionary measures, rules and guidelines as laid down by the competent authorities and government were strictly adhered and followed by one and all.</p> <p>The university followed the regular sanitisation process, insisted on wearing N95 Masks, maintaining social distance to ensure safety and hygiene in and around the premises.</p> <p>The Institution adopted the following measures to cover the syllabus of all the courses in the programmes.</p> <ul style="list-style-type: none"> •The syllabus was taught using the videos created by the respective faculty members and shared it after a review by the committee. •The Sway links were prepared by including a Word document, 2 you tube video Links, Reference links, Internal Assessment Quiz (IA QUIZ) to check on the understanding of the students for every topic. •Online classes were conducted using the MS Teams for all the Programmes. •The online classes were conducted to reach students from remote areas as per their convenience. •Webinars were conducted regularly to make students understand and overcome the present situation and act accordingly. •Regular meetings were conducted amongst the department and at the end of every workday an update meeting with the officials was conducted. •The faculties were asked to submit the work diary on the daily basis to have a track on the day-to-day conduct of the classes and other departmental activities. •Regular feedback was sought by the Institution to know the understanding level of the students and whether there was any need for improvement in the online classes. •Institution awarded a special scholarship named as 'COVID SCHOLARSHIP' to the students who had difficulty in paying their regular fees. <p>Overall, the Institution helped the students and the faculties in all ways possible for a smooth flow of the regular activities so that there was no loss of academic curriculum and time.</p>
